

**REMARKS**

The Office Action contended that new issues were raised in the Rule 116 Amendment.

Newly drafted Claims 41-46 are within the scope of the present invention. The claims recite a plurality of discharge cells (abstract), a plurality of scan electrodes (Figure 5), a plurality of sustain electrodes (Figure 5), a drive circuit (Figure 5) and a sustain waveform (Figure 15 and Pages 27-32).

It is requested that the Remarks submitted with the Rule 116 Amendment be fully considered and acted upon.

If the Examiner believes that a telephone interview will help further the prosecution of this case, he is respectfully requested to contact the undersigned attorney at the listed telephone number.

I hereby certify that this correspondence is being deposited with the United States Postal Service as First Class Mail in an envelope addressed to Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on August 4, 2006.
